REELS

ICONIC Reels

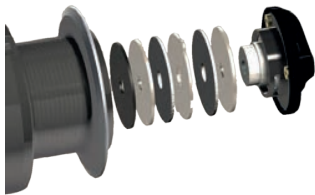

300 Pro

NEW

The Mitchell 300 was the first ever modern spinning reel. This iconic flagship for the Mitchell brand is a blend of a modern reel featuring the latest technology and retro-cool elements. The result is lighter, smoother running... simply better! The 300 Pro version features a carbon hybrid drag that is self-lubricating, long lasting, not effected by heat build-up, and helps to reduce any spike in line tension, especially cause by an "impact" load like a hook set or head shake.

- 5.8:1 gear ratio for faster retrieve
- Self-lubricating carbon hybrid multi-disk drag system
- New Bail-Halo rotor design for superior strength
- Smoother and lighter than previous version
- 9 + 1 bearings
- Double anodized machined aluminum handle and spool
- Shallow aluminium main (braid) spool and aluminum spare spool
- New design low-profile drag knob
- Ergonomically shaped EVA handle knob

498 Pro Series

The next evolution in the 498 series is the 498 PRO. It is called "PRO" for sealed bearings, "PRO" for CNC machined brass gears, "PRO" for strong aluminium body, PRO for sealed Carbon drag, "PRO" for machined aluminium knob ! So A true PRO Mitchell reel for the Pro Angler !

- 8+1 sealed bearings
- CNC Machined Brass Drive Gear and Pinion
- Aluminium Body with GV5H Halo Rotor
- Full Carbon Drag System
- Forged Anodized Aluminium Spool, rubber coating
- Machined Aluminium Handle with Machined Aluminium Knob with Hole Pattern
- Metal body holds gearing in precise alignment even in extreme conditions

498 Series

One year later than official 300 launch, another legendary reel is back. Welcome to the 498 series ! To guarantee its success, we took back all historic bases content in 3 words: Powerful, Strong & Resistant. This reel will become the ultimate fishing tool for all strong saltwater applications. A legend is re-born with a real Mitchell look and feel reel !
4 different sizes are available to fit all your needs.

- 6 + 1 bearing including IAR
- Double anodized aluminum spool
- Aluminum handle
- Super-Strong main gear system and sealed drag
- Saltwater ready - Durable, Strong and Powerful
- High resistance drag system: 11kg for both 398/498 sizes
- Innovative Bail Halo for superior strength in GV5H material
- Extremely strong aluminium body
- Spare spool available separately

MAG-PRO TR - TRZ Series

Available at 2 price-points, these reels are ultimate tools for catching the biggest fish. Equipped with a trigger, so you can play with the drag during the fight. Press the trigger and you have full drag power. Release the trigger to let the fish run. In addition, thanks to this direct action on the drag power, this reel gives you the freedom to choose to use a smaller diameter of line.

Mag-Pro TRZ

- New innovative aluminum trigger drag system
- Hybrid carbon drag system
- Bail halo rotor
- 8+1 stainless steel bearings
- Carbon body and rotor
- Aluminum main spool and spare spool
- Lightweight carbon handle with EVA knob

SPINNING Reels

Mag-Pro RZT

Top level of the MAG PRO family, these technical reels will help you to catch your dreaming fishes. Your fight will be secured thanks to the Nitrile Sealed Hybrid system (Carbon/Greased Felt). You will be surprised by the weight of this reel, made from very light but strong material. Pinion gear and main shaft are made from Aluminum. To be noted: the new flat carbon handle with aluminum insert associated with hi-grade EVA knob.

- Nitrile Sealed Carbon Hybrid Drag System
- Aluminum Gear and Main Shaft
- Flat Carbon Handle
- 10+1 Stainless Steel Bearings
- Carbon Fiber Body and Rotor
- Aluminum Anodized spool and spare spool
- Innovative Bail Halo for superior strength

SALTWATER Reels

Avocast RZT

Previous AVOCAST family is now improved thanks to last Mitchell innovation like bail halo and divided into 3 series. RZT means this one is the most technical one and is having 9+1 Stainless Steel Bearings, slow oscillation system for a perfect line lay, carbon rotor, sealed hybrid drag system with very fast setting system and mahined handle equipped with round shape EVA knob. Gear is made from Brass material and Main shaft is machined from Stainless Steel material.

This reel will allow you to fight against the bigger freshwater or saltwater fishes !

- Sealed Hybrid Carbon Drag System - Fast setting
- Machined Aluminum Handle
- 9+1 Stainless Steel Bearings
- Innovative Carbon Halo Rotor
- Round Shape EVA Knob
- Aluminum Anodized Spool
- Spare Spool available separately
- Slow Oscillation System

Compact LC Silver

The Compact LC reels have been developed to apply to both Carp 'Big Pit' and Surf Casting applications. The reels are supplied with two long cast spools of different capacities and are fully salt water protected. Two price points are available with the Gold and Silver versions and both in the most popular 70 and 80 sizes. The 80 sizes have a manual bail system to help prevent the bail arm from closing during extremely powerful casts. These reels provide high specification and power at extremely competitive prices and are sure to win favour with both Surf and Carp anglers.

- Machine cut aluminum handle
- 6 Bearing system (Silver)
- Worm gear oscillation
- Aluminum spool & handle

COARSE FISHING Reels

Avocet Match RZT

NEW

The Avocet Match reels have been especially designed for modern match, float and surface fishing. All types have a high gear ratio (6.0:1) for ultra fast retrieve, which results in roughly 100cm of line per handle turn! This is incredible for a compact reel like the Avocet. They are supplied with a shallow match spool with the clever line-ID rims. The special dual line clip system (with metal clips) allows the angler to unlock the line quick and easy or to fix the line at two exact casting distances.

- Match R available in RD, Match RZ in both RD and FD, Match RZT in FD
- The Match RZ FD comes in a 600D nylon zip pouch with 3 spare spools
- 6.0:1 gear ration for very fast retrieve
- One-touch quick folding handle
- Shallow aluminum spool with line-ID system
- Innovative double line clip system on spool
- Instant Anti-Reverse
- Multi-Disc Drag Greased Felt
- Soft Touch Knob

MITCHELL

Avocet RTE FS Black Edition

NEW

Unique free spool reel with integrated bite indication that is especially designed for the allround carp angler and static natural bait angler. There are 4 trendy alarm color versions and 2 boxed presentation sets (3 reels and 4 reels) like is done with conventional bite alarms.

- Total black carpy design with understated subtle branding
- Free Spool reel system
- Integrated bite alarm system in 4 colors
- Halo Rotor
- 6 + 1 bearings
- Black anodized aluminum Spool
- Multi-disk drag system with greased felt
- Soft Touch Handle Knob
- "Also available as box set versions of 3 (traffic light) and 4 (+ Blue) different alarm colors in a quality zipped pouch "

FREE SPOOL Reels

Avocast FS

Carp anglers like to use Free Runner reels, for important reasons. This new series is based on famous Avocast reel which is a success thanks to its great features where we have added a perfect new free spool system. The ultimate tool for the avid angler you are !

In addition of the 2 carp sizes, we have 2 smaller sizes which will be perfect for all sensitive fishing techniques like coarse fishing or sander fishing.

- 7 + 1 bearings including IAR
- Double anodized Aluminum spool with exclusive pattern
- Slow oscillation system
- Thick and resistant bail
- Aluminum handle and comfortable knob
- Innovative Bail Halo for superior strength
- Extremely strong advanced polymeric body
- Spare spool available separately

TRAXX R Series

Complete rod range especially developed for predator fishing covering most common disciplines and species across Europe. Traxx R is the medium priced series that offers an amazing cool finish with all-black components. The series contains rods for spinning, casting, jerk, deadbait and tele spin. There is also a classic (R) range that offers higher casting weights and full cork handles.

- T30/T36 Carbon thin and sensitive blank construction
- Full EVA handle design (except Classic Range and Zander Float)
- Anti-tangle quality guides
- All-black finish of the metal parts
- Carbon reel seat screw cap with 3K woven carbon finish

TRAXX Series

Complete rod range especially developed for predator fishing covering most common disciplines and species across Europe. Traxx is the entry level series that offers unrivaled value for the money. The series contains rods for spinning, jerk, drop shot and tele spin.

- T24 Carbon construction
- Split handle design with EVA grips (Tele Spin has Cork & EVA hybrid grip)
- Anti-tangle quality guides
- Silver finish of the metal parts
- Carbon reel seat screw cap

SUPREMA Series

SUPREMA is a famous name around the globe, in particular in Italy where these rods have been developed. Italian anglers are considered as being among the best anglers in Southern Europe who have very high standards. The new Suprema rods will blow even those anglers away in terms of finish and action.

- 24T Carbon blank
- LTS guide quality

Suprema 2.0 Tele Compton

This new serie has been developed to let you fish where and when you want! Thanks to the superb quality of the carbon blank, the fast action and the compact transport dimensions, they are perfect to use when your fishing spot is small and tight. The quality of the components and the blank are incredible if you consider how affordable these rods are!

- Braid Friendly Quality Guides
- Ultra-Sensitive and robust tip thanks to 'Sensitip' technology
- Light weight, but very strong thanks to the X-Wrappin and X-Strenght construction
- Designed & engineered in Italy

Suprema 2.0 Tele Adj Comp Trout

Compt-trout tele-adjustable serie are compact light weight rods that are especially designed to fish for trout in difficult conditions. What makes these rods stand out is the extremely short transport length: the 8m version is only 105cm long when stored. Amount of sections: 3 for the 6m, 4 for 7m and 5 for 8 m. With these strong rods come very strong double leg Fuji guides.

- Fuji double leg guides - strong and perfectly suitable for braid
- Sensitive and robust tip thanks to 'Sensitip' technology
- Extra fast action, very powerful blank
- Light weight and strong thanks to XWrappin and Xstrenght construction
- Designed & engineered in Italy

Suprema 2.0 Feeder (Light and Medium)

NEW

Suprema Feeders are high-profile rods made out of high modulus carbon, strengthened by Mitchell's 'X-Wrappin' technology. The rods have a fast action, a slim blank and are very sensitive. The SIC guide setting has been optimized to optimally use the perfect curve of the rod when fighting the fish. Three different carbon tips gives you a wide choice in terms of bite detection sensitivity.

- Braid Friendly SIC Guides
- Sensitive and robust tip thanks to 'Sensitip' technology
- Light weight and strong thanks to XWrappin and Xstrenght construction
- Designed & engineered in Italy
- 30T carbon

Suprema 2.0 Surfcasting Telescopic

NEW

Although the Surfer is designed for the casual angler, it started to really catch on with tournament anglers in the Mitchell pro team during the test phase. Thanks to its 4m length, this rod enables you to cast very long distances. Offering unrivaled value for money is what Mitchell is known for and this Suprema Surfer rod is the perfect example of that!
